**B. CLARIFICATIONS**

NO.	CLAUSE NO./TITLE	PAGE NO.	CLARIFICATION REQUEST	RESPONSE
1	<b>BDS Clause 5.4</b>	41	Can we broaden the contract for Lot No. 2? Currently, the similar contract are purses, handbags, or bags. Can we add "any contract for sewn items"? This is so that manufacturers that have sewing machines and are also capable in meeting the minimum of the single largest completed contract can participate in the bid, thus making it more competitive and advantageous to the BAC.	The requirement is retained.
2.	<b>Section VII: Technical Specifications (Lot No. 2)</b>	81	It was verbally mentioned that the BAC will add more requirements for the technical specifications of the body bag. This includes the bag lining and foam inside the bag. Although we welcome these additional requirements, we would like to request to adjust the submission of samples accordingly. Starting from the date of posting gives the bidders ample time to prepare for the samples needed for the bid. Changing or adding specifications halfway will cause the samples to not be made in time for the opening.	Date of Submission of Samples retained. Requirements relevant to the construction of samples have been provided in Bid Bulletin No. 1.

For the purpose of this Bulletin and for better understanding of its contents, the following rules shall apply: (a) ~~double strikeout~~ – denotes deletion; (b) Underline – denotes inclusion or new item/requirement; and "xxx" – denotes separation of phase/s being amended from the rest of the main text.

3.	<b>Section VII: Technical Specifications (Lot No. 2)</b>	81	The logo has a tolerance of +/- 2% for all measurements. This tolerance is too small for to be notice. For example, 2% of 3.2cm is 0.64 of a millimeter. Can we instead remove the "plus" tolerance? A larger logo is advantageous for the end-user.	The requirement is retained.

The herein amendment forms an integral part of the bidding documents. Correspondingly, all other provisions in the bidding documents affected by this amendment are similarly amended or modified.

The clarification made explains in greater detail the purpose or intent of the requirement does not amend that particular provision in the bidding documents.
